

# Cross Canadian Ragweed, Hey Hey

Look at you with your heart on a shelf  
Sit at home get drunk by yourself  
Call up a friend to ease your mind  
Anything to pass the time

Chorus

Hey hey it's all gonna change  
Well well when you turn around again  
My my in the wink of an eye  
Don't ask why as time goes by  
Take your dreams to the railroad tracks  
I sure hope their comin back  
Watch em roll away down the line  
Just anywhere with your friend time
