

Crossbreed, Release Me

the war that's in your mind you explained to me sounds like youre obsessed but
certainly somewhere you will find a place to express your needs you always
insist that place is me
you're right your - holy system is right
your right your - no one can stand all the lies
your right your holy system is right
youre right your - the walls been broken down

release me
the walls been broken down

before you ever thought you could bury me,
i turned off the lights so you cant --
see a shadow in the dark that you can barely see,
surrounded by the dead that doesnt bleed,
you're right your - holy system is right
youre right - your no one can stand all the lies
youre right your - holy system is right
youre right your - the walls been broken down

circles form around me
i cant see staring eyes have brought me to my knees youre right youre right

release me
the walls been broken down
