

Currency, Top Of The Money

Yea... Yea... (yea)

This ain't no mixtape

Damn we might has just named my album

Yea... Yea... huh

Grey polo sweats, yellow gold rolex

Blue facial mask, Ya'll niggas ain't up on that

One of the best rappers, You haven't heard yet

Though over the years I have enjoyed my success

Where would underground rap be minus the jets?

At home living inside all kind of depress

Gotta watch where I step, There's all kind of traps

Trying to keep me on the ground, I ain't got time for that

Trying to put me in my rhymes where we suppose to be at?

Fly society mansion swimming pool in the back

New orleans what happening?

Ya your dude is back

Might see me attactive in the Compree classic

With the windows cracking watch me flicking my ashes

Check the check I'm cashing

Blow it all on glasses

95 air maxes...
