

Current 93, (Hey Ho) The Goddy (Oh)

my eyes are black and wide
my eyes are black and wide
hey ho the noddy oh
my eyes are black and wide
i crush the velvet mound
i crush the velvet mound
hey ho the noddy oh
i crush the velvet mound
mummy's teeth are cracked
mummy's smile is cracked
hey ho the noddy oh
mummy's smile is red
a-reaping i shall go
a-reaping i shall go
hey ho the noddy oh
a-reaping i shall go
a stranger waits me there
a man with half-blind stare
a man with dusty hair
hey ho the noddy oh
a stranger waits me there
this destiny did not tire
this destiny did not tire
hey ho the noddy
this destiny did not tire
he sang
a-raping i shall go
a-raping i shall go
hey ho the noddy oh
a-raping i shall go
and bled and raped was i
and scared and cold was i
hey ho the noddy oh
hey ho the noddy oh
hey ho the noddy oh
in fields of rape i lie
well as you sow you reap
and as i sowed i reaped
hey ho the noddy oh
hey ho the noddy oh
hey ho the noddy oh
as i sowed i reaped
