

# Cyndi Thomson, If You Were Mine

(Cyndi Thomson/Tommy Lee James/Liz Hengber)

If you were mine I would celebrate like everyday was Christmas  
If you were mine I would love you like it's nobody's business  
I would give you everything I had  
I would treat you right I would make you laugh  
Baby I would smile forever  
If you were mine

If you were mine baby night would be a romance novel  
If you were mine I would quench your thirst  
Like a tall glass of water  
You would be my one desire  
I would kiss you like a house on fire  
Baby I would burn like crazy  
If you were mine  
If you were mine  
If you were mine

You're everything I can't resist  
Just to hear your voice is bliss  
It is, yeah it is

If you were mine I would shout it out  
We'd show the world what love's about  
We'd never sleep in our big old bed  
We'd just kiss and kiss and kiss instead  
If you were mine I would be complete  
Nothing would be missing baby  
If you were mine  
If only you were mine
