

D-A-D, I Wont Cut My Hair

I got hair in my ears
I got hair in my nose
I got hair on my back
And between my toes
When the time comes and my hairwash is due
I'm gonna use one ton of shampoo
But don't give me those sentimental eyes
'Coz I'm proud and my hair is nice
It's not fair when people they stare
I love the colours I wear
I wont cut my hair
I wont cut my hair
Oh no, I wont cut my hair
'Coz I'm proud of my hair
It's like in the funny fairytale
I dry my hair the Rapunzel way
You just climb up the six floors
To my hairy home
And I'll fix u a smoke in the blend of my own
Yeah, I'll make you a hot pot of tea
Take off your clothes and feel free
And get down in my hair
And make me insane
Lets get airborne on a window-pain
It's not fair when people they stare...
I'll diiiiie without my hair
Yeah right I play in the band
And I would love to be your private disneyland
I'll be your own amusement park
Then you can ride me
And ride me after dark
If they send me to the rows of death
For having illegal dope
I will order my last meal
Before it's the chair
Hamburger french fries'n'coke
Take those scissors away
I wont cut my hair
'Cause I'm proud and my hair is nice
I love my hair
I'm in love with my hair
I'm in love with my haaaaiiir
