

Daddy's Cash, Mr. BB King

get up take a shower coz it's time to go
here we go again it's time to hit the road
we're headed up north to San Francisco
just me and the band a few of my kin folks
I look to my right and who did I see
who did I see
the sun is shinin all in my face
could this be true is it really you
everybody's cool and we got no drama
I like it like that I like it like that
I look to my right and who did I see
it's Mr. BB King rollin next to me

it's Mr. BB King ridin next to us
it's Mr. BB King rollin in his bus
it's Mr. BB King ridin next to us
it's Mr. BB King rollin in his bus
hey BB please slow down

I told my dude to follow that bus
do what I say and don't make a fuss
cause baby BB King wanna hear my song
I gotta a lot of music maybe he can use it
you never really know so here we go
chasin that bus down highway 5
hey BB I'm knockin on the window
man he must think I'm crazy
then the bus took a quick exit
there goes BB there go my chances
I looked to my right who did I see
who did I see
