

Daisy Daze And The Bumble Bees, Planet O

Planet O, planet O
Planet O, planet O

We are pirates from the planet O
We'll enslave you. We will break your soul
We will chain you, make you fall and bow
We'll defile you, satisfy you

Please don't touch me. Don't come near me
We will rock you. We will shock you
Please don't touch me. Don't come near me
Please don't touch me. Do you hear me?
I'm a lady, just a baby
What's a lady? What's a baby?
Call me lazy. Call me crazy
I don't want to go to planet O...

No, no, no, no, don't touch me
No, no, no, don't come near me
We'll surprise you, scandalize you
We'll surprise you, vandalize you
Mercy, mercy. Help me, help me. Call my Momma
Call the USO(?)

Planet O, planet O
Planet O, planet O

We will grave you, desecrate your soul
We will shake you, overtake you
Please don't touch me, touch me, touch me
Don't come near me, near me, near me

Hypnotize you. Neutralize you
Crazy it's save me. Serenade me
Wake me. Take me... to the planet O...

We are pirates from the planet O
We have come to capture you
Please come peacefully

We will tie you, sacrifice you
Tie me, tie me. Halleluja
Take me. Take me... to the planet O...
