

# Damon Albarn, Lonely Press Play

Arhythmia

Accepting that you live with uncertainty  
When you're lonely press 'play'

Die lady trying

The aspects that you pass on when travelling  
When you're lonely press 'play'

'Cause you're not resolved in your heart

You're waiting for me

To improve

Right here

When I'm lonely I press 'play'

Swimming in blue

After new year into the mirror she flew

When I'm lonely I press 'play'

Can I get any closer

One anecdote cannot not bring to you

When I'm lonely I press 'play'

'Cause your not resolved in your heart

You're waiting for me

To improve

Right here

When I'm lonely I press 'play'

Arhythmia

Accepting that you live with uncertainty

When you're lonely press 'play'

Can I get any closer

One anecdote cannot bring to you

When I'm lonely I press 'play'

'Cause you're not resolved in your heart

You're waiting for me
