

Danger Radio, So Far Gone

Late night contemplating on the words to say
Gotta set the record straight
I can't pretend that I'm alright
I give in to the night

She's got me on the edge, I'm slipping
Try to look away
But she stares deep down inside me and I lose my way
Can't fight
So I give in to the night

So if it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone
If it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone

Been exhausted
I'm so worn out by the games she plays
Sneaking off
You leave me hanging
I won't take that bait
Can't offer you forgiveness
Or justify your foolish ways

So if it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone
If it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone

(So far gone)
(So far gone)
(So far gone)

So drained and falling apart
Predicted it from the start
Tried hard to break it
But strayed too far away
Your words, they don't mean a thing
I stayed despite of the pain
I'll keep my distance
And you'll keep all the blame

So if it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone
If it's
Love that she wants
Love that she's after
Don't come looking for me
'Cause I'm so far gone

(Love that she wants)
Woah
(Love she's after)
Don't come come looking for me
'Cause I'm so far gone
(Love that she wants)
Woah
(Love she's after)
Don't come come looking for me
'Cause I'm so far gone
I'm so far gone
So far-
