

# Daniel Bloom, Addicted (feat. Tomek Makowiecki)

Please don't call me addicted,  
This is not what's you think.  
She was just my invention,  
It isn't now a big deal.

Please don't think I feel nothing,  
Love is so I can feel,  
Everything bad is good for something,  
It was just a mistake

Forget it, fuc\* it all /4x
