

Daniel Spaleniak, So Long

so long baby
i'm running out of time
i have to drive away
leave behind the grime

but i lost the way
the road is getting dark
i don't need to stray!
i just need a spark

there's no place to go
loving you the only way i know
summer days are gone
i'm heading home driving all alone

so long baby
it's time to say goodbye
i have to find the place
find the burning sky

but i lost the way
the road is getting dark
i don't need to stray!
i just need a spark

there's no place to go
loving you the only way i know
summer days are gone
i'm heading home driving all alone
