

Dannii Minogue, Boogie Woogie

Boogie woogie, work me over
You can do it, so get to it

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, baby give it to me

You know you made a difference in my life
You came along and eased my troubled mind
Like an addiction you're controlling me, lover for life
I get a funny feeling deep inside
Sometimes its hard to get to sleep at night
Feeling vibrations working overtime, you're on my mind

I've been lonely
Need your loving
Lover, show me right now
I've been waiting oh so long
The flame is burning strong
I really need you tonight

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, baby give it to me

Boy I'm so happy when you come around
Whatever pleases you, you know I'm down
And now I really know what love's about, true love's been found
I've been waiting for this love to grow
I'm not afraid to let my feeling show
You're the one and now I can't let go, I need you to know

I've been lonely
Need your loving
Lover, show me right now
I've been waiting oh so long
The flame is burning strong
I really need you tonight

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, baby give it to me

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, yeah yeah yeah

Take me higher than high
Take me higher than high
Take me higher than high
Take me higher than high

Boogie woogie, work me over
You can do it, so get to it

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, baby give it to me

Boogie woogie, baby I come alive
Work me over, take me higher than high
You can do it, you got just what I need
So get to it, yeah yeah yeah
