

Dannii Minogue, Creep Up

(VERSE 1)

You throw a look, I catch a stare
You're checking me, up and down
Temptations in the air
Is it against the law, to wanna taste
A sexy boy, the heat is on
We're really steaming up this place

(BREAK)

I'm hypnotised by what could be boy
crawl and...

(CHORUS)

Creep up to me, take a deep drag of me
'till you're high, I'll make you feel so good inside
(lower, deeper, damn it's getting hot)
(harder, faster, don't you ever stop)
Yeah you creep up to me, like a shadow over me
Cast your spell, it feels so good inside
(further, movin', are you comin' up ?)
(higher, sweeter, don't you ever stop)

(VERSE 2)

Come on make a move
Don't resist
Don't tip toe round and round
You might as well dive in
It's like we're locked, and there's no key
It's a strange sensation
You really got a hold on me

(repeat BREAK)

(repeat CHORUS x2)
