

Dannii Minogue, Get Into You (Arizona Club Mix)

I gave you my everything
I gave you all my time
I never knew, that love would bring
Pain into my life
You broke my heart again
When you told me lies
I can't stand to look at you
Boy you've got to tell me

Why
Why you had to take so much from me
'Cos you were taking me for granted
It's my life
And you were just attracted physically
I'm gonna get you back

I've got to get into your mind
Until I get you back
I won't be satisfied
I've got to get into your head
But don't want your love
I want your soul instead

Feel's like I've woken up
And now I see the light
You thought I'd be broken up
Tossin' turnin' every night
All that I want from you
Is what you took from me
Now I want everything
Boy you got to tell me

Why
Why you had to take so much for free
When I was tellin' everybody
You were mine
I guess this is the way it has to be
I'm gonna get you back

I've got to get into your mind
Until I get you back
I won't be satisfied
I've got to get into your head
But don't want your love
I want your soul instead

I've got to get into your mind
Until I get you back
I won't be satisfied
I've got to get into your head
But don't want your love
I want your soul instead

Dig it out now, Ooh

Boy you got to tell me
Why
Why you had to take so much from me
'Cos you were taking me for granted
It's my life
And you were just attracted physically
I'm gonna get you back

I've got to get into your mind

Until I get you back
I won't be satisfied
I've got to get into your head
But don't want your love
I want your soul instead

I've got to get into your mind
Until I get you back
I won't be satisfied
I've got to get into your head
But don't want your love
I want your soul instead
