

Dannii Minogue, Trip

Just another day, on another train
Always need to see you (aah)
Hurry up again, gotta get away
But I don't wanna leave you

Come blow this place, you'd better chase
For hotter kissing
Hop on board, make me yours
It's what I'm missing

So put your hand in my hand
Let me see you move
Feel with every motion
This is how I prove to you
My love trips

Just another day, on another plane
Boy I need to see you
Got it going on, you gotta be the one
Your vibe is always special

Travel light, take this flight
For temptation
Let's just split, love is it
Our destination

So put your hand in my hand
Let me see you move
Feeling every motion
This is how I groove to you
My love trips

C'mon let's trip

(Trip)

So put your hand in my hand
Let me see you move
Feeling every motion
This is how I groove to you
Ya, ya, ya, ya, ya, ya
Ya, ya, ya, ya, yoo
Ya, ya, ya, ya, ya, ya
Ya, ya, ya, ya, yoo-oo-h-yoo
My love trips
