

Dappy, Good Intentions

I can see a lot of things in life that words can't explain
See we ain't any different but we just ain't the same
They never listen when we tell 'em, tell 'em
All they understand in venom, venom
People only use you when you let 'em, let 'em
Well if that's the case then I'm the one to blame

'Coz there's a man over board
And the tides gonna drag him down
If there's a man in the clouds
Then tell me where the hell is he now
Why is the silence so loud
I think I threw it all the way
Lemme know, Lemme know
Tell me does that happen if I have a good intention, oh
Look what happened to my good intention, oh
Why won't anybody answer my question
Why is the silence so loud
I think I threw it all the way
I don't know, I don't know
But lemme know
Hear me out before you label me the bad one

I'm walking through the desert but I'm drowning inside
No river runs deeper than the tear from my eye
You only make 'em get even bitter, bitter
I wish I wasn't such a giver, giver
I apologise to my liver, liver
'Coz if that's the case then your the one to blame

'Coz there's a man over board
And the tides gonna drag him down
If there's a man in the clouds
Then tell me where the hell is he now
Why is the silence so loud
I think I threw it all the way
Lemme know, Lemme know
Tell me does that happen if I have a good intention, oh
Look what happened to my good intention, oh
Why won't anybody answer my question
Why is the silence so loud
I think I threw it all the way
I don't know, I don't know
But lemme know
Hear me out before you label me the bad one

Am I wrong to think the worlds got it in for me
And am I right to say I'm longing for some sympathy
See I feel a sound, but I can't hear it
That's my heart strings getting played like a symphony
Yo, you know you turned me insane
Why you staring at window when I'm the one with the pain
You know you set me off the rails
And you'll be to blame
If you're ever here
I dropped in front of the train with both

'Coz there's a man over board
And the tides gonna drag him down
If there's a man in the clouds
Then tell me where the hell is he now
Why is the silence so loud
I think I threw it all the way
Lemme know, Lemme know

Tell me does that happen if I have a good intention, oh
Look what happened to my good intention, oh
Why won't anybody answer my question
Why is the silence so loud
I think I threw it all the way
I don't know, I don't know
But lemme know
Hear me out before you label me the bad one
