

DARIA, Lowkey

I don't want your friends
That shit ain't enough, oh baby
Give me all or no, no not lowkey love

I'm tired of your maybes
Tired of you calling me baby
Only one is good one, is good for you
Oh no

Don't want you to call me
When you get drunk and feel lonely
'Cause when you sober up it's a different view
On no

Uuuuu
You come you go
Uuuuu
Love from the love
But I crave attention
Don't like you share
So you know if I'm not your own
No is now

I don't want your friends
That shit ain't enough, oh baby
Give me all or no, no not lowkey love

Writing to myself
'Cause you left me halfway lately
Give me all or no, no not lowkey love

I don't want your friends
That shit ain't enough, oh baby
Give me all or no, no not lowkey love

Writing to myself
'Cause you left me halfway lately
Give me all or no, no not lowkey love
