

# Darin, Nobody Knows

What is love?  
Nice try!

I'm lost in the streets in the city of pain  
I learned how to cry, how to go insane  
Your love, because of your love

The gypsy woman in the corner knows my name  
But still she couldn't tell when you're back again  
Your love, because of your love

Nobody knows  
Nobody knows  
Nobody knows  
Nobody knows

Can you feel my heart  
I can feel your speed  
Faster every second  
Dancing to the beat  
What's love, nobody knows

Trapped in the fire used to see in your eyes  
Swallowing my pride struggling to stay alive  
Your love, because of your love

I'm looking like power cause I know how to hide  
The scars and the hours I pretend to be fine  
Your love, because of your love

Nobody knows /4x

Can you feel my heart  
I can feel your speed  
Faster every second  
Dancing to the beat  
What's love, tell me what's love

Nobody knows

Can you feel my heart  
I can feel your speed (Nobody knows)  
Faster every second  
Dancing to the beat (Nobody knows)  
What's love, nobody knows

What is love  
Do we know, do we know  
What is love  
Do we know, do we know

Nobody knows

Can you feel my heart  
I can feel your speed  
Faster every second  
Dancing to the beat  
What's love, tell me what's love

Nobody knows

Can you feel my heart  
I can feel your speed (Nobody knows)  
Faster every second

Dancing to the beat (Nobody knows)  
What's love, nobody knows
