## David Bowie, I Took On A Gemini Spaceship

Took a trip on a Gemini spacecraft And I thought about you I passed through the shadow of Jupiter (sigh) And I thought about you I shot my spacegun And boy, I really felt blue Two or three flying saucers Parked under the stars The winding stream Moon shining down On some little town And with each beam The same old dream I took a trip on a Gemini spacecraft And I thought about you Well I shot my spacegun And I thought about you Pulled down my sun visor Boy, I really felt blue You jumped into your Gemini I jumped into mine We'll orbit the Moon For just one time Tomorrow night Tomorrow night Will you hold hands With me under the moonlight Took a trip in a Gemini spacecraft And I thought about you I shot my spacegun And I thought about you I took, I took a walk in space Boy, I really felt blue Well I peeked through the crack And I looked way back The stardust trail Leading back to you What did I do What could I do What did I do Well I thought about you I thought about you Took a trip on a Gemini spacecraft And thought about you
