David Bowie, Something In The Air

Your coat and hat are gone I really can't look at your little empty shelf A ragged teddy bear It feels like we never had a chance Don't look me in the eye

We lay in each others arms
But the room is just an empty space
I guess we lived it out
Something in the air
We smiled too fast
then can't think of a thing to say

Lived with the best times Left with the worst I've danced with you too long Nothing left to say

Let's take what we can
I know you hold your head up high
We've raced for the last time
A place of no return

And there's something in the air Something in my eye I've danced with you too long Something in the air Something in my eye

Abracadoo - I lose you We can't avoid the clash The big mistake Now we're gona pay and pay The sentence of our lives Can't believe I'm asking you to go

We used what we could To get the things we want But we lost each other on the way I guess you know I never wanted anyone more than you

Lived all our best times Left with the worst I've danced with you to long Say what you will

But there's something in the air Raced for the last time
Well I know you hold your head up high There's nothing we have to say There's nothing in my eyes
But there's something in the air Something in my eye
I've danced with you too long
There's something I have to say There's something in the air Something in my eye
I've danced with you too long
I've danced with you too long
