

David Guetta, Big FU (feat. Ayra Starr, Lil Durk)

Yeah, yeah
Two more times, can I come see you?
Yeah

Tonight I hit up your line a couple times
And I see you never replied
And I seen all the pictures that you post, oh no

I notice my key doesn't fit in your lock
And you're blocking my calls (My calls)
I'm happy to see that you finally got everything that you want

Send a big "Fuck you" to my replacement
I see you're someone else's favorite now
In m-my own mind I might be crazy
I swear to God that I'm not hating now
Send a big "Fuck you" to my rep—
Send a big "Fuck you"

I love to party, can you come and party with me?
Let's go to Fiji 'cause I know you need it
Let's take a vacation from party cities
All these bitches they so artificial
They be laughing at me when I argue with you
And my momma love you like my momma had you
But I love your momma for having you
Pass me a cup, I don't even drink, but I'm getting drunk
I only smoke, pass me a blunt, I wanna puff
You can't stop me, you gotta block me, 'cause I'm turnt up
But—

Send a big "Fuck you" to my replacement
I see you're someone else's favorite now (Yeah)
In m-my own mind I might be crazy
I swear to God that I'm not hating now
Send a big "Fuck you" to my rep—

Send a big "Fuck you" to my replacement
I love to party, can you come and party with me?
In m-my own mind I might be crazy
I love to party, can you come and party with me?
Send a big "Fuck you" to my rep
