

David Guetta, Blast Off (feat. Kaz James)

This is a blast off
It's time to blow this up
So best you run for cover!
We about to self destroy
Go all my people with me
And none of us give a fuck
So put those hands up higher
Let's smash this party up

This is a blast off
It's time to blow this up
So best you run for cover!
We about to self destroy
Go all my people with me
And none of us give a fuck
So put those hands up higher
Let's smash this party up
