

# Dawid Podsiadło, Eight

And they won't worry  
You're just a boy caught up in the wrong place  
at the wrong time

Son this is a different story  
I want to change but i don't know if i wanna know this

If you only love her smile when you're sober  
Then you'd never grab that glass again  
If you think i will forget what happened  
Raise the glass and drink it again.

Years have passed- you're calling  
I'm cracking up you're tearing me apart at the same time

If you only love her smile when you're sober  
Then you'd never grab that glass again  
If you think i will forget what happened  
Raise the glass and drink it again.
