Dead Kennedys, Chickenshit Conformist

Punk's not dead It just deserves to die When it becomes another stale cartoon A close-minded, self-centered social club Ideas don't matter, it's who you know

If the music's gotten boring It's because of the people Who want everyone to sound the same

Who drive bright people out Of our so-called scene 'Til all that's left Is just a meaningless fad

Hardcore formulas are dogshit Change and caring are what's real Is this a state of mind Or just another label?

The joy and hope of an alternative Has become its own cliche A hairstyle's not a lifestyle Imagine Sid Vicious at 35

Who needs a scene Scared to love and to feel Judging everythng By loud fast rules appeal

Who played last night? "I don't know, I forgot. But diving off the stage Was a lot of fun."

What's ripped us apart even more than drugs Are the thieves and the goddamn liars Flipping people off when they share their stuff When someone falls are there any friends?

Harder core than thou for a year or two Then it's time to get a real job Others stay home, it's no fun to go out When the gigs are wrecked by gangs and thugs

When the thugs form bands, look who gets record deals From New York metal labels looking to scam Who sign the most racist queerbashing bands they can find To make a buck revving kids up for war

Walk tall, act small
Only as tough as gang approval
Unity is bullshit
When it's under someone's fat boot

Where's the common cause Too many factions Safely sulk in their shells Agree with us on everything Or we won't help with anything That kind of attitude Just makes a split grow wider

Guess who's laughing while the world explodes When we're all crybabies Who fight best among ouselves

That farty old rock and roll attitude's back "It's competition, man, we wanna break big." Who needs friends when the money's good? That's right, the 70s are back.

Cock-rock metal's like a bad laxative It just don't move me, ya know? The music's OK when there's more ideas than solos Do we really need the attitude too?

Shedding thin skin too quickly As a fan it disappoints me Same old stupid sexist lyrics Or is Satan all you can think of?

Crossover is just another word
For lack of ideas
Maybe what we need
Are more trolls under the bridge
Will the metalheads finally learn somethingOr will the punks throw away their education?

No one's ever the best Once they believe their own press "Maturing" don't mean rehashing Mistakes of the past

The more things change
The more they stay the same
We can't grow
When we won't criticize ourselves
The 60s weren't all failure
It's the 70s that stunk
As the clock ticks we dig the same hole

Music scenes ain't real life
They won't get rid of the bomb
Won't eliminate rape
Or bring down the banks
Any kind of real change
Takes more time and work
Than changing channels on a TV set

So why are we So eager to please Peer pressure decrees So eager to please Peer pressure decrees Make the same old mistakes Again and again
