

Dead Saints, Mp3

Why do you want to take it away?
Now you want us to pay?
Sueing for something free?
why don't you let us be?
(power for you and not me)
I just want an MP3,
you will never stop us,
It is so oblivious,
Over and Over agian,
Why must we speed?
(power for you and not me)
I will download my MP3,
Tust let us be,
you will never shut me down,
I will always be around,
Why do such things proPlaying the loudest sound,
I don't care who you are,
you will only me from afar
(power for all but me)
