

Dean Martin, Hear My Heart (

Hear my heart hear the sound it makes of love
The sound that whispers I love only you
Every beat seems to tell me that we'll meet
Yet I know you're meeting someone new

Ask you're heart if our love is really lost
If it answers yes I'll know it then
But if there's a chance then darling we'll have our romance
Then darling we will be sweethearts again

Ask you're heart if our love is really lost
If it answers yes I'll know it then
But if there's a chance then darling we'll have our romance
Then darling we will be sweethearts again
