

Dean Strickland, I Love Texas (It's My Home)

You I can still see
Kathy
As you were younger
And just as beautiful
Don't you worry now
'Cause you'll soon reach 44

I wanna say I think
Kathy
You look fine
And me being in my prime
Means to me
I gotta go
I'll see you next time
I'm in San Antone

CHORUS:

I'm gonna hitchhike my way to Amarillo-(Fill in any city in Texas here)
'Cause I got a show
There'll be thousands, and thousands of trucks rollin' down that Texas highway
And with my guitar
I'll proudly walk alone
Waitin' for that next ride
With a yearning heart
Longing

For the other side
Of Texas
My home
You see, Kathy
I love Texas
It's my home

You say beware of danger
Ahead
And how there's lots of bad folks out there
And I could end up dead
But I won't worry 'bout the journey
I've started on the road

I wanna say I believe you
Kathy
And I'll be fine
And being on a roll now, and in my prime
Means to me
I gotta go
I'll see you next time
I'm in San Antone

CHORUS
