

# Deana Carter, Katie

Katie likes to run around  
In cotton panties and a crown  
She driving all the boys insane  
Suckin' on a candy cane...  
She likes to play the tambourine  
Her favorite color's Army green  
She's a vegetarian; she's a lovely loaded gun...

## CHORUS

Katie has a way of seeing things  
That everybody else is just afraid to dream of  
It's funny how it seems, but when you look at her  
I swear, you see love.

She wears diamonds oh her toes  
She lets her belly button show  
She puts perfume in her hair  
You don't look at her, you stare...

## CHORUS
