

# Deana Carter, What Makes You Stay?

I'm in a place  
I never thought I'd be  
Don't have the strength  
To fight anymore  
Or a reason not to leave  
So tell me why I still keep holding on  
To something I just cannot see

What makes you stay  
When your world falls apart  
What makes you try one more time  
When it's not in your heart  
At the end of your rope  
When you can't find any hope  
You still look at her and say  
I just can't walk away  
Tell me what makes you stay

I'm not afraid  
Of living alone  
I was alone before he came  
I've been in love  
Many times before  
But this time's not the same  
I've always been the first to say goodbye  
Now it's the last thing I can do

What makes you stay  
When your world falls apart  
What makes you try one more time  
When it's not in your heart  
At the end of your rope  
When you can't find any hope  
You still look at her and say  
I just can't walk away  
Tell me what makes you stay

When it goes this deep  
And feels this strong  
I can't convince myself  
That this love is wrong

What makes you stay  
When your world falls apart  
What makes you try one more time  
When it's not in your heart  
At the end of your rope  
When you can't find any hope  
You still look at her and say  
I just can't walk away  
Tell me what makes you stay
