

# Death Angel, Immortal Behated

A story old as time  
At one with the pain  
Locked in chains  
You tried to break my mind  
Take my soul  
Rape my name  
I won't move  
I won't fade  
I'm gonna make you pay  
Taking what you want  
Taking what you need  
I'm gonna end this game

[Chorus]  
I warned you  
I'll stay true  
Keep on fighting for the rest of my life  
Erase me?  
Deface me?  
My true legacy will stay

[Verse 2]  
And here we go again  
From out of the blue  
The nerve on you  
You act as if we're friends  
Never close  
Never true  
All those stunts  
All those moods  
All, and what did it prove?  
Tell me why I should  
Tell you why I won't  
Give in? No, I refuse

[Chorus]  
I warned you  
I'll stay true  
Keep on fighting for the rest of my time  
Erase me?  
Disgrace me?  
My true legacy will stay

[Chorus]  
I warned you  
I'll stay true  
Keep on fighting for the rest of my life  
I warned you  
I'd stay true  
Keep on fighting for the rest of my time  
Deface me?  
Disgrace me?  
My immortal behated
