

# Death Angel, Where They Lay

Back to the grind  
End of the line  
Back to the life  
i know!  
Pain deep inside  
Swallow my pride  
Still i think i am losing you  
Nearing the end  
More than a friend  
What the hell can i say?  
Years left behind  
Trapped in my mind  
Wishing for another day!
