

# Deb Talan, My Favorite Coat

My favorite coat  
hangs in the hallway  
waiting like a good friend  
to keep me warm

I love my coat  
its sturdy, and versatile  
solving all my problems  
nirvana in the rain

and its raining  
and raining  
been raining for weeks now  
crying a torrent  
and the rain is washing us clean  
is washing us clean  
me and my coat

in my coat i am a superhero  
traveling through space and time  
impervious to pain

while its raining  
and raining...  
been raining for weeks now  
crying a torrent  
and the rain is washing us clean,  
is washing us clean

me and my coat  
we are a symphony  
blanketing the world outside  
an oasis in the storm  
an oasis in the storm

well its raining  
and raining  
been raining for weeks now  
crying a torrent  
and the rain is washing us clean  
is washing us clean  
and the rain is washing us clean  
is washing us clean

me and my coat
