

# Deep Blue Something, Done

Whaddayo do for fun?

Take it out on #1

Your time is over, your time has come.

Flip her over, man, she is done.

Scuze me missuss right. . .

I've had a bit too much tonight.

You are such a lovely sight.

I've had a bit too much tonight.

Flip her over, flip her over

She is done.

In need of, in need of

Nothing and everything

It seems I smell of sin

It seems I seek to smile again. . .

Can't wait to see ya how have ya been?

Flip her over and fly my friends.
