

# Deep Purple, Speed King

Good Golly, said little Miss Molly  
When she was rockin' in the house of blue light  
Tutti Frutti was oh so rooty  
When she was rockin' to the east and west  
Lucille was oh so real  
When she didn't do her daddies will  
Come on baby, drive me crazy--do it, do it

I'm a speed king you go to hear me sing  
I'm a speed king see me fly

Saturday night and I just got paid  
Gonna fool about ain't gonna save  
Some people gonna rock some people gonna roll  
Gonna have a party to save my soul  
Hard headed woman and a soft hearted man  
They been causing trouble since it all began  
Take a little rice take a little beans  
Gonna rock and roll down to New Orleans
