

# Deep Purple, You Can't Do It Right (With The One)

Have you ever thought of the feeling  
I get when I'm alone with you  
It's causing me worry and trouble  
I'm going 'round in circles  
Don't know what I'm gonna do

You can't do it right  
With the one you love  
Nothing you can do  
Without the one you love

You were always playing my records  
When I was after making some love  
But I need more than the music  
To keep myself together  
Although it makes me feel so good

You can't do it right  
With the one you love  
Nothing you can do  
Without the one you love

Sometimes in the morning  
I wake up without you  
Can't get up, it's getting me down  
Tell me what you're trying to do  
Later in the evening  
You come home feeling low  
If you'd stop your cruising  
Maybe we could make a show

You can't do it right  
With the one you love  
Nothing you can do  
Without the one you love
