

# Def Leppard, Now

I wanna know you better  
Let's spend some time together  
I wanna be what's on your mind  
Look in my eyes, they're calling  
I need your love to fall in  
If you could just give me a sign

I can't get over baby  
I can't get over now  
I can't get over this feeling I feel

Now, right now  
If the fire inside you  
Feels like I feel now  
Right now  
Deep inside of me  
Deep inside of me

I'm tired of make believin'  
I'm lost and barely breathing  
I'm on the ceiling, help me down, yeah, yeah  
So stop my heart from aching  
I'll be the risk you're taking  
And I won't rest until you're mine, oh

I wanna show you baby  
I wanna show you now  
I wanna tell ya this feeling I feel

Now, right now  
If the fire inside you  
Feels like I feel now  
Right now  
If it's love you're craving  
It's a love worth saving

Can't get over this feeling I feel now, yeah

Now, right now  
Let the fire inside you  
Burn like I do  
Now, right now  
If there's a love you're craving  
It's a love worth saving

Deep inside of me  
Deep inside, deep inside of me

Deep inside, deep inside of me  
Deep inside of me  
Deep inside
