

# Deftones, Bored

Hear me spit on you, wither I Remold into gold and bury I from - Sun

Reborn left to sigh, recure maybe I'll  
Be born and simplify - The way I lie - Before  
I get bored, I get bored, I get bored I'm bored  
Repent by you and trust to figure out  
I burn that gift to doll and let it shine before  
I get bored, I get bored, I get bored, I wish for a real one

Fit and confide, before me or I  
I will come clean, it gets worse - it's more  
Get bored, I get bored, I get bored, A wish for a real one  
Get bored, Get bored, Get bored, I wish for a real one
