

# Deicide, Blame It On God

God is the reason we live in dismay  
It is his will that this world's suffering  
If we do not believe what you foretell  
We can expect afterlife will be hell

You are the one who killed his own son  
We are the ones you're blaming it on  
Lust was created beginning with hymn  
When we indulge we are guilty of sin  
Torture our lives with confusion and lies  
Mass contradiction, religious facades

BLAME IT ON GOD  
BLAME IT ON GOD  
BLAME IT ON GOD!!!!!!!!!!!!!!!!!!!!!! LIAR

[Lead: Eric]

Lord of salvation keep looking away  
It is your will that this world goes astray  
Take us each day from this place you unwortherd  
Unfulfilled promise of heaven on earth

You are the one who killed your own son  
We are the ones your hatred is on  
Children are dying and this you're content  
Where is your profit in what you have left  
No intervention from angels above  
god is the reason that Satan lives on
