

# Demi Lovato, 4 EVER 4 ME

Walls came down  
Where did they go  
I didn't notice  
When they fell  
I fell for you  
Smitten and hopelessly

Lost in this feeling  
Maybe I'm healing  
I couldn't be scared if I tried  
Cause nothing's ever felt this right

I can't hold back I'm falling in love  
It's been right on the tip of my tongue  
So here I go speaking honestly  
I think this is 4ever 4me

When we're alone  
Time floats away  
We stare at each other  
Take me home  
I can't wait to hug  
And thank your mother

Here's what I'd say  
He's beautifully made  
I can't wait to show you you'll see  
I promise his heart's safe with me

I can't hold back I'm falling in love  
It's been right on the tip of my tongue  
So here I go speaking honestly  
I think this is 4ever 4me

They say you know when you find the one  
Just a look from you I come undone  
So here I go speaking honestly  
I think this is 4ever 4me

I can't hold back I've fallen in love  
It's been right on the tip of my tongue  
So here I go speaking honestly  
I think this is 4ever 4me

They say you know when you find the one  
Just a look from you I come undone  
So here I go speaking honestly  
So here I go speaking honestly  
I think this is 4ever 4me
