

# Demi Lovato, Dancing With The Devil

It's just a little red wine  
I'll be fine  
I am like  
I wanna do this  
Every night  
I think i aam good  
Don't i deserve it  
Don't i deserve it  
Feels liek ut's worth it in my mind

Twisetd reality, hopeless insanity  
I told you i was ok. byt i was lying

i was Dancing with the Devil  
out of control  
almost made it to heaven  
it was closer than you know  
dancing with my enemy  
gabbling with my soul  
it;s so harf to say no  
when you're dancing with the devil

it's just a little white line  
i'll be fine  
if not a little white line  
is a little glass if wine  
hand full of remendy  
almost got the best of me  
i keep praying  
but i don't reach the end of my life-time

Twisetd reality, hopeless insanity  
I told you i was ok. byt i was lying

i was Dancing with the Devil  
out of control  
almost made it to heaven  
it was closer than you know  
dancing with my enemy  
gabbling with my soul  
it;s so harf to say no  
when you're dancing with the devil

thought that i know my limit  
i thought that i could win it  
i thought i could walk away easily  
but here i am  
i am falling down on my knees  
there aon't a better day  
to calm and wash tohe pain away  
could you please forgive me?  
I am sorry tdor dancing with the devil?

Dancing with the Devil  
out of control  
almost made it to heaven  
it was closer than you know  
dancing with my enemy  
gabbling with my soul  
it;s so harf to say no  
when you're dancing with the devil
