## Demi Lovato, Nightingale

I can't sleep tonight
Wide awake and so confused
Everything is in line
But I am bruised
I need a voice to echo
I need a light to take me home
I kinda need a hero
Is it you?

I never see the forest for the trees I could really use your melody Baby, I'm a little blind I think it's time... for you to find me

Can you be my nightingale? Sing to me: I know you're there You could be my sanity Bring me peace Sing me to sleep Say you'll be my nightingale

Somebody speaks to me
Cause I'm feeling like hell
Need you to answer me
I'm overwhelmed
I need a voice to echo
I need a light to take me home
I need a star to follow
I don't know...

I never see the forest for the trees I could really use your melody Baby I'm a little blind I think it's time... for you to find me

Can you be my nightingale? Sing to me: I know you're there You could be my sanity Bring me peace Sing me to sleep Say you'll be my nightingale

I don't know what I'd do without you Your words are like a whisper cutting through As long as you're with me here tonight I'm good

Can you be my nightingale?
Feel you so close
I know you're there
Oh, nightingale
Sing to me: I know you're there
'Cause baby you're my sanity
You bring me peace
Sing me to sleep
Say you'll be my nightingale
