

# Demi Lovato, Remember December

A feel a separation coming on  
Cause I know  
That you weren't talking now we're not  
I wish you would show tonight  
Hold me and avoid a fight  
Cause I feel  
A separation coming on  
Just prove that you've got something left to tell  
It's the truth  
That's there's things just more to know  
And kiss me with those open eyes  
It hurts so much it's no surprise  
To you  
That I have to something left to say  
So surrender surrender surrender  
Please remember remember December  
So realize back then how you feel tonight  
To what they say don't go that way  
Remember remember December  
Please remember  
Don't surrender  
If you say you wouldn't left them change your mind  
If we're together fire melting ice  
Our hearts are both on overdrive  
You kiss me and it's no surprise to you  
The memories are long goodbye  
So surrender surrender surrender  
Please remember remember December  
So realize back then how you feel tonight  
To what they say don't go that way  
Remember remember December  
Please remember  
I remember that together  
We promised that forever  
We could do this fight the pressure  
We'd remember  
December  
Oh  
Don't surrender  
Don't surrender  
Surrender surrender surrender  
Please remember remember December  
So realize back then how you feel tonight  
To what they say don't go that way  
Remember remember December  
Please remember  
Don't surrender
