

Demi Lovato, That's how you know

How does she know that you love her
How do you show her you love her
How does she know that you really really truly love her
It's not enough to take the one you love for granted
You must remind her or she'll be inclined to say
How do I know he loves me
How do I know he's mine
Does he leave a little note to tell you
you are on his mind
Send you yellow flowers when the sky is grey
He'll find a new way to show you
a little bit everyday
That's how you know
That's how you know
He's your love
Everybody wants to live happily ever after
Everybody wants to know the true
love is true
How do you know he loves you
How do you know he's yours
Does he take you out dancing just so he can hold you close
Dedicate a song with words meant
just for you
He'll find his own way to tell you with the little things he'll do
That's how you know
That's how you know
He's your love
He's your love
How does she know that you love her
How do you show her you love her
How does she know that you really really truly love her
That's how you know he's true
Because he'll wear your favourite colour just so he can match your eyes
Rent a private picnic by the fire glow oh,oh
His heart will be yours forever
something everyday will show
That's how you know
That's how you know
That's how you know
That's how you know
He's your love
