

# Demis Roussos, Break

Bye bye, my friend, goodbye  
With a lie  
you forget and break it

You make it  
You make it  
You make it  
You make it

Cry in my empty room  
and we try  
to forget and break it

Fly  
high  
and then  
you make it

(interlude)

Bye bye, my friend, goodbye  
With a lie  
you forget and break it

You make it  
You make it  
You make it  
You make it

Do it!
