

Dennis DeYoung, I'll Get Lucky

Everyday I get up
I work my fingers to the bone
My boss and my job
They got me living in the Twilight Zone
But I know, yes I know

I'm just an average guy
Lost inside the Promised Land
The all-American boy
Still living off my dreams and plans
And my hopes, yes I know

Tell me I'm old-fashioned
I don't mind
The Grand Illusion keeps me going
Say I'm just a dreamer
That's alright
Stick around and I'll show ya

I'll get luck
I'll feel good
I'll get the wind at my back
And sail right into Hollywood

I'll get lucky
The American Dream
I'll be on my way
Cruising down on Easy Street
Way back on Easy Street

Tell me I'm crazy
I don't mind
I believe it
Lady Luck is waiting
Just for me
I can feel it

I'll get lucky
Ooh, I'll feel good
I'll get the wind at my back
Sail right into Hollywood

I'll get lucky
The American Dream
I'll be on my way
Cruising down on Easy Street
Way back on Easy Street
