

Dennis Wilson, Holy Man (Taylor Hawkins Versio

With the ego of a lamb
The holy man
Come the swagger of the dust
You know he can
Turn the corner all alone
He meets you there

Holy man will meet you there

The one you love is everywhere
He is everywhere
and you can follow

And summer burns and winter blows
The holy man
Speaks of fears to overcome
He knows you can
When you lose the innocence
He's standing there

Holy man will meet you there

The one you love is everywhere
He is everywhere
and you can follow
