Depeche Mode, Gone

So tired so soon
What happened to you
What happened to you
You got lost
Somewhere between
There and here
Somewhere between
So far so near
You got lost
Somewhere between
What happened to you

Someone has been removed What happened to her What happened to her She got lost Somewhere between There and here Somewhere between So far so near She got lost Somewhere between What happened to her

You used to be so young Used to be so young It was going to take so long It had almost gone

What is his name What is his name What is his name What is his name
