Depeche Mode, My Cosmos Is Mine

Don't play with my world Don't mess with my mind Don't question my spacetime My cosmos is mine

Don't toy with my heart Don't knock down my shrines Don't alter my headlines My cosmos is mine

No war, no war, no war No more, no more, no more, no more No fear, no fear, no fear Not here, not here, not here No rain, no clouds No pain, no shrouds No final breaths No senseless deaths

Don't stare at my soul
I swear it is fine
Its borders are outlined
My cosmos is mine
My cosmos is mine
My cosmos is mine (Don't play with my world)
My cosmos is mine

(Don't play with my world)
