Depeche Mode, World Full Of Nothing

Close Naked Skin on skin Tears are falling Tears of joy Her first boy His first girl Makes a change

In a world full of nothing Though it's not love It means something

She's lonely
And he says
It's for her only
That he lusts
She doesn't trust him
Nothing is true
But he will do

In a world full of nothing Though it's not love It means something

It's easy to slip away And believe it all

Though it's not love It means something
